LSS – Lutheran Social Services

LITN - Mission

Member organizations are working together to further each other's mission by collaborating, learning, and optimizing Information Technology solutions.

LITN - Goals

1. Collaboration

To enable sharing of information between members on Information Technology (IT) management and technology trends, challenges, and solutions.

2. IT Partnerships

To develop relationships among the members that will lead to mutually beneficial exchanges and partnerships.

3. Purchasing Power

To leverage the members' collective size and capacity to provide educational opportunities, more advantageous relationships with vendors, and other opportunities.

4. LSA Relationships

To provide opportunities to learn from and build relationships with non-IT executives from other LSA Organizations.

LITN – Team Site for Collaboration
